### ***Welcome back to the new term!...We look forward to continuing to get to know you and your children!***

During the last week of term 1 the teachers were handing out a small report which we've called a snapshot of how your child has settled into kindergarten. It also describes what we've noticed about them as learners. We would really appreciate your feedback. You can either fill out the parent comment slip or have a chat with the teacher who has written your child's report or Nadia.

Towards the middle of this term each child and their family will receive an individual learning plan that will outline learning goals for your child. Again we would appreciate your input so we will also be booking appointments for parent/teacher conversations. This give us time to chat with you about how you think your child is going, to discuss the learning goals and to share any other information. You will receive more information in the coming weeks.

*Nadia, Lisa, Milissa, Emma and Carolyn*

**Please remember there will be**  
**no kindergarten on Thursday**  
**May 11th.**

**Occasional care will be operating**  
**as usual.**

**Kindergarten staff will be working on**  
**assessment of children's learning.**
